

## OMSPA Storm Survey – 2022

The May 21st Derecho storm caused damage in sugar bushes across the province. OMSPA is in correspondence with the Ontario government and has requested aid for those impacted by the storm. Completing this survey will provide us with data in our conversation with the provincial government. All information collected is for OMSPA's use and **identifying information will not be released without your permission**. The data will be reported publicly as a whole and not on an individual basis.

**Please return the survey by June 30, 2022**

We recommend that you:

- contact your insurance company
- shoot photos, video and drone footage of the damage
- keep records and all receipts of expenses and labour
- only do cleanup jobs you are capable of doing safely

**To return:** fill out and: mail, or scan and email using the contact information below.
